

# EVERFOX

## EVERSHIELD PLATFORM

# National-Security-Grade Insider Risk Management

Built by analysts for analysts, EverShield is trusted by 100+ government entities and Fortune 500 companies around the world to detect, prevent, and proactively manage insider threats at scale.

A design partner with the U.S. Government for decades, Everfox can identify impending insider activity better than traditional tools. EverShield combines deep user activity monitoring, data-source agnostic behavioral analytics, advanced linguistic analysis, and case management to help your team achieve greater efficiency and efficacy.

- **Improve insider threat prevention.**
- **Accelerate investigations and alert triage.**
- **Break down point product and team silos.**

---

**“EverShield enables proactive, predictive security.”**

– Director of Enterprise Risk, Not-for-Profit Engaged in Federally Funded R&D
